Why WeWork

PN Lawyers has been in operation for over twelve years and apart of the WeWork family as of Fall 2016, when we established our "Giving Back Initiative."

Our firm was humbly established in a windowless office in Queens, therefore we know first hand the expected hardships and obstacles that come with starting your own business. After several years of paying our dues by putting in hard work, endless office hours and always giving our clients 100% of our attention and time, we have reached our goal and tripled our growth. Today, PN Lawyers has 3 offices throughout New York City and many clients globally. This brings us to a position where we can effectively "Give Back" and help other businesses and startup owners jumpstart their professional journey to proper career success.

As WeWork is providing workspace for startups, small businesses, and freelancers, we're offering necessary, affordable legal protection and hand-holding for these very same businesses.

We are happily available 24 hours a day and 7 days a week. Give us a call and you will receive a live person, not an automated message.
